Barnsley Photographic Society

The society meets at 8-00 p.m. on Monday evenings at the Emmanuel Methodist Church on Huddersfield Road, Barnsley, S75 1DT.

Formed in 1924 by the professional photographers based in and around Barnsley, it has met in a number of different venues until it came to its present location where the facilities are excellent.

With Digital Photography and Digital Imaging becoming the main choice of many photographers, the society has embraced this and has some equipment for training and use by society members. The programme includes evenings of hands on photography as well as regular talks from guest speakers so there is something for everyone no matter what their skill level. (See attached programme)

Competitions are held among the society members throughout the year and all members regardless of skill level are encouraged to participate.

Members are also eligible to enter larger competitions such as the Yorkshire Photographic Union Annual Exhibition.

Programme 2012
